1. PRODUCT SPECIFICATIONS AND DETAILS

1.1. What is the name of the new hardware product line that Zen Studios and AtGames are launching?
A: The new product line is called FX Legends 4K Collector's Edition Pinball (CEP).

1.2. What are the dimensions and weight of a FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) once assembled?
A: Product size (approximate): 43.3" (L) x 22.9" (W) x 66.2" (H) inches; the height of the playfield from ground: 35". Weight: 129.2 lbs.

1.3. How many SKUs will there be for the FX Legends 4K Collector's Edition Pinball (CEP) line and what is the release plan for the product line?
A: The first FX Legends 4K Collector's Edition Pinball (CEP) machines are planned to be released in Q4, 2023. Preorder customers will receive it at home first. AtGames and Zen Studios plan to release 15 exclusive FX Legends 4K Collector's Edition Pinball (CEP) SKUs from 2023 – 2025.

1.4. Why didn't you announce *Attack From Mars*™ in the first place? I would have waited to order this one instead of preordering one of the other Legends 4K Pinball Machines.
A: Each table that is used as the theme for a new 4KP device must be approved by the various IP holders and developers. Due to contract requirements, we cannot divulge those devices that have not been approved yet. Some themes have multiple IP holders, and every licensor has a different approval process that takes time to approve. We are just as excited as you are about pending releases, however, we will only release and announce new products once they have gone through the approval process.

1.5. Will the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) machine have original artwork from the original Attack from Mars pinball machine?
A: Themed artwork is a close replica of the original *Attack from Mars*™ pinball machine. As the original pinball machine has different dimensions from our devices, there were slight modifications to allow for the artwork to fit in the most optimal way.

1.6. Does the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) come with built-in pinball tables or do players need to purchase tables from the AtGames E-Store?
A: 15 tables will be included. Players will also have the ability to purchase Zen Studios' and AtGames pinball tables in Legends 4K Format via on-device purchase, or from the AtGames E-Store.

1.7. Can players download additional digital pinball tables for the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP)?
A: Yes, as additional tables are released, they will be available for purchase to add to your digital 4K pinball table collection.

1.8. What are the specifications of the displays on the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP)?
A: The specifications for the three displays on the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) are: 4K/60Hz Playfield, HD Backglass, and HD DMD.

1.9. Will the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) support OTG from PC? Will the 4K playfield support OTG at 4K for the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP)? Will it support OTG of HD-only from a PC? Does it include 3 HDMI Inputs (for Playfield, Backglass and DMD displays)?
A: Yes, to all of the above.

1.10. How will I launch the pinball in *Attack From Mars*™ if it doesn't have a launch button?
A: The "Start" button on all Legends 4K devices will launch the pinball in *Attack From Mars*™, as well as any other pinball table we release that uses a launch button on the original machine.

1.11. Why do you have a plunger instead of the red launch button like the original *Attack From Mars*™ pinball machine?
A: We want the user experience to be versatile and to be able to accommodate most of the pinball games that use a traditional plunger, including the games that come built-in to the machine. The plunger also supports our Open and Connected Platform (OCP) more efficiently as most pinball tables use a plunger.

2. EMBEDDING AND SOFTWARE

2.1. For the pre-installed tables that come with the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP), will it receive updates?
A: Yes, if updates are developed in the future, they will be available to be downloaded and installed onto your FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) machine.

2.2. Will a built-in pinball games update require a firmware update?
A: No, it will not.

2.3. How will updates and bug fixes for the digital pinball games be delivered to the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP)?
A: Users will be able to receive updates via the internet.

2.4. I don't like to update firmware. Will I have to update the firmware to enjoy new titles as they are released?
A: Yes, you will need to update firmware. It is not a recommendation, but a requirement to update to the latest firmware to ensure the user experience is optimal for gameplay, as well as to make use of any new features that may be developed.

2.5. I've already paid for some/all of these Zen tables on another platform. Do I have to pay for them again to play on the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) natively?
A: Yes, these are native version ports and will take advantage of the FX Legends 4K *Attack from Mars*™ Collector's Edition Pinball (CEP) features for user experience. This is similar to Xbox vs Steam vs PlayStation versions of games that are sold separately as well.

2.6. I already have an AtGames Legends HD device, can I play new Zen releases that I purchased from the AtGames E-Store?
A: Zen titles are only compatible with the Legends 4K devices and will not work AtGames Legends HD Devices.

2.7. Will other non-Zen games be available to add on to CEP?
A: Yes, AtGames will be releasing additional Legends 4K pinball packs, including 4K ports of our popular Taito, Natural History, Dr. Seuss, Gottlieb, and Zaccaria table packs. They will be available for purchase on the Legends 4K machine as well as on the AtGames E-Store.

3. LEGENDS 4K PLATFORM

3.1. Will leaderboard scores be shared and accessed through Pinball FX Leaderboards & AtGames 4K Leaderboards?
A: All Legends 4K high scores will only be posted on the new AtGames dedicated Legends 4K Leaderboards website.

3.2. Can I participate in PC/Console based Zen Pinball FX tournaments on AtGames devices?
A: No, however AtGames will be hosting tournaments for Legends 4K and Zen Studios pinball tables, so stay tuned. For more details on the upcoming tournaments and events, please follow us on our social media channels here: https://linktr.ee/atgames_gaming.

3.3. Will all current Legends HD tables be ported to the Legends 4K Platform devices with the performance specs of 4K/60fps on the Playfield and support both HD Backglass and DMD?
A: Yes, the Legends 4K Format version pinball packs for Taito, Natural History, Dr. Seuss, Gottlieb and Zaccaria will be available for purchase on the Legends 4K machine as well as on the AtGames E-Store. All Legends 4K Format pinball packs will play at the spec of 4K playfield at 60fps, HD backglass, and HD DMD.

3.4. Will the Legends 4K Platform use the new Legends CE-4K User Interface (UI)? Will there be an option to get the Legends HD UI on the Legends 4K devices?
A: The Legends 4K devices will only be compatible with the Legends CE-4K UI.

4. PRICING, AVAILABILITY & GENERAL SUPPORT

4.1. When will the FX Legends Pinball Collector's Edition Pinball (CEP) be released?
A: The first FX Legends 4K Collector's Edition Pinball (CEP) machines are planned to be released in Q4, 2023. Preorder customers will receive it at home first. AtGames and Zen Studios plan to release 15 exclusive FX Legends 4K Collector's Edition Pinball (CEP) SKUs from 2023 – 2025.
